

B.COM CA BACHELOR OF COMMERCE WITH COMPUTER APPLICATION Eligibility Criteria:

Candidates must have completed 12th standard.

Students are also expected to choose English, Accountancy, Commerce, Literature and Mathematics as optional subjects for Commerce in Class 11 and 12. Students will be able to apply the exam with the percentage marks they

have achieved in their exam. These criteria are determined by each college or university at their discretion. The respective cut-off marks are changed every year by the college authorities.

Concerns:

Both BCom and CA have excellent opportunities in finance and accounting majors. Many accounting firms hire accountants with expertise in finance.

Top 4 companies that use

CA platform are E&Y, PWC, Deloitte and KPMG as a **CA company or MNC** .

These companies offer wide opportunities with good salary package.

Also, users can connect to their respective CA companies. 4 After learning

and practicing hard, CAs become proficient in dealing with clients and other stakeholders in the business.

CA companies typically pay 3-8 lakhs as salary.

ID Tula

One accountant for each company. There are many opportunities for Chartered Accountants in leading IT companies like TCS, Vipwara, Infasys.

In such companies the pay is low but the pay scale is high and increases with experience. Being a

teacher

This book

contains

curiosity and deep knowledge. Candidates who wish to pursue their careers in teaching can open their training institutes or get

appointed as teachers or professors in reputed institutes like ICAI.
